Two Receivers and His Deputies Ordered to Answer a Charge of Contempt by Judge Barker.

LOUISVILLE, Ky., Sept. 14.—Tax Receiver James R. Camp and Deputies Scouter and Miller have been cited to appear Wednesday morning at 10 o'clock before Criminal Judge Barker and answer a rule for contempt. Two of Camp's deputies Monday started to seize property belonging to the Albia Co., furniture dealers, on a tax bill for \$400, although an injunction had been obtained by Herman Albin, the dealer's city friend. A writ of habeas corpus was issued, but the deputies refused to obey it and would have taken the goods to the courthouse for sale had not a check for the amount been given. The judge was not satisfied with the explanation, and he has ordered the case into court, as it was paid under protest.

## The Interest Is Over Due.

LOUISVILLE, Ky., Sept. 14.—The interest on the Kentucky and Indiana Bridge Co.'s first mortgage bonds is now two days overdue. Payment should have been made on September 11. The amount involved is considerable. The case is in the hands of Judge Hays, who will render an opinion shortly. It is likely that an order for the sale of the bridge will be made when the United States circuit court of appeals meets at Cincinnati in October, and it is possible that the interest is being held back in anticipation of such an order.

# A Big Wheat Crop For 1898.

That's our prediction for Mason, Bracken and Robertson counties. We make no pretensions in the way of fortune telling; neither are we a prophet. We are simply gifted with a goodly amount of "horse sense." We know that there will be a good wheat crop next year, because the bulk of the wheat sown this fall will be sown with Empire Drill drills, and they make no mistake. Empire Drills are positive and absolute. They do exactly what you tell them to do. The Empire Drill is the only positive feed drill made. It will feed the same quantity of wheat, rye, oats or barley with the same gear. Size of the grain cuts no figure with the Empire. You do not have to sow four or five acres before you know what you are doing as with other drills. The Empire has telescoping steel conductors which never break or choke up as do the old-fashioned rubber conductors. The Empire drag bars are fastened to the top of the boot, five inches higher than on other drills and trash will not choke and stop the Empire.

## EMPIRE FEED DRILL

will drill corn successfully. Remember, the Empire is a positive feed drill, and the only one on the market. The grain is gently lifted into the conductors by a round, saucer-shaped part which is made to rotate by a square shaft. Only so much grain can be lifted and fed as this part will hold, and in order to sow a large or small quantity of grain per acre you simply put a large or small cog wheel on this shaft, which makes the round, saucer-shaped lift revolve faster or slower. Each cog wheel is numbered and guaranteed to sow an exact quantity of grain per acre—wheat, rye, oats, barley. The Empire has tapering axles like a thin-skinned wagon, and a peculiar wheel, a wheel that we will guarantee will not rub the boxes in five years as on other drills—no, not in twenty-five years. Buy the Empire and take advantage of 45 years experience. The factory now offers you the result of a lifetime of study and invention. Buy the Empire Drill. Ask your grandfather about it. Ask any old citizen if he ever heard of an Empire Drill. I can show you an Empire Drill that is 31 years old and still running. The Empire for 45 years has had a National reputation—known and used the world over except Mason county. The Empire is not a cheap drill. It costs the agent a little more than other drills. Perhaps that is why you implement dealers have never sold the Empire Drill here. Empire Drills are being exhibited and sold in Mason county now. I have shown this drill to at least 80 farmers in the last two weeks and every one is enthusiastic in its praise. Call, examine this wonderful machine and convince yourself. It is a pleasure for us to exhibit it. Call and see us.

## A CRITICAL TIME.

During the Battle of Santiago—Sick or Well, a Rush Night and Day.

The Packers at the Battle of Santiago de Cuba Were All Heroes—Their Heroic Deeds in Getting Ammunition and Supplies to the Front Saved the Day.

P. B. Butler, of pack-train No. 3, writing from Santiago de Cuba, on July 23, says: "We had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and we kept the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to reach there would have been no war as there would have been no food to supply the medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

**NO RESPECTER OF PERSONS.**

Governor Bradley Says Violators of Law Must Be Punished.

Governor Bradley is keeping up the war against carriers of concealed deadly weapons, which he inaugurated when he became governor, believing that petty carrying is responsible for many of the murders committed in this state.

In this matter the Governor is no respecter of persons. Lee Skenton of Livingston county was recently convicted and fined for carrying a pistol. His friends appealed to the Governor for a pardon, and in the petition emphasized the fact that "skenton comes from one of the best families in Western Kentucky."

The Governor, in refusing a pardon, wrote the following:

"The fact that young Skenton is of a good family does not excuse him, but rather aggravates the offense. The young punishment of a young man of good family will have a salutary effect."

One of the rare instances in which Governor Bradley has relaxed his rule against pardons for pistol carrying was in the case of Andrew P. Steele, who was killed at Versailles last week by Merrill Hughes. This was granted on recommendation of former Senator J. C. Blackburn, a few days before Steele's death.

**MOVED AT LAST.**

The Fourth Kentucky, With the Mayville Boys, Left Lexington Yesterday.

The Lexington Herald gives particulars of the departure of the Fourth Kentucky Company, B, which is composed largely of Mayville, Mason, Dracken and Greenup boys.

During Monday night fifty-six cars had been placed on tracks near the camp, and yesterday morning trains were strung, and the men, with baggage, provisions, mules, mules and horses, were loaded on the cars.

Of the fifty-six cars, there were thirty-four tourist and three or four passenger cars, four stock cars, eight flat cars for wagon and five box cars.

The train consisted of four sections, with a period of about twenty minutes between the moving of each section.

In the first section were Lieutenant Colonel Murray, Major Keyser, the first battalion and the hospital supplies.

In the second section were Major Morrow and the second battalion.

In the third section were Colonel Colon, Major Collier and the third battalion.

In the fourth section went the mules, horses, baggage, etc.

The movement was transferred from the L and O. Railroad by which they proceeded to Ansonia, Ala. Their present destination is not known.

The Herald adds that this Regiment of "mountain boys" has been there about two months and a half, during which time they have shown the people of Lexington that they are not only quiet, well-behaved gentlemen-officers and men alike—but that they are also soldiers. In fact, they were Camp Hamilton with the reputation of being one of the best drilled Regiments there. It was with regard and best wishes that their many Lexington friends see them depart.

**THE TRUE SOLDIER.**

An Old Veteran Disgusted With Some of the Volunteers of Today.

In a letter to Mr. John A. Fisher of Chillicothe, O., formerly of this city, Colonel Robinson, an old veteran, contrasts the American soldier of the war with the average volunteer of the present time. The Chillicothe Daily Gazette says:

Mr. John A. Fisher of North High street, who is a veteran of both the Mexican and Civil wars, and who has seen the average volunteer in arms, Mr. John Robinson, a former captain in the 1st Ohio Cavalry, writes to him known hero. Colonel Robinson expresses a feeling of disgust with the National Guard. A. B. Bumpass and met the old commander. Among other things, Colonel Robinson accepts the opportunity to make a personal observation about the Spanish-American War and freely airs his views regarding the National Guards as material for good soldiers. He rather thinks that they do excellent service and make a good showing on dress parade, but when it comes to being denied leather stock to strap on, Colonel Robinson thinks that the National Guardsmen's courage comes out of their finger nails.

"I would not," writes Colonel Robinson, "give a clank for a soldier who could not carry all of his baggage on his back and do his own cooking. I would not give a clank for a soldier who has no experience, as he served faithfully in both the Mexican and Civil wars. I met and endured hardships, like hundreds and thousands of the old veterans, both in the Mexican and Civil wars, and I know the value of the faithful incidents of those difficult days. I am confident that the real American spirit of bravery and resignation to duty is about to die with the soldiers of the war."
